

Labelling system

Sheet labels

Application

- For on-site hand-written labelling

Properties

- Labelling sheet

Part-No.	Type	Description	Dimensions mm	Label/Sheet
Labels on sheets with black border				
681003	EB 1119	For on-site hand-written labelling. Material: PVC impregnated fabric yellow Good adhesive force temperature range: – 30 °C to + 80 °C Sheet size: 200 × 240 mm Resistant to water, sea water, alcohol, motor oil, benzine, methanol	11 × 19	200
681004	EB 1128	For on-site hand-written labelling. Material: PVC impregnated fabric yellow Good adhesive force temperature range: – 30 °C to + 80 °C Sheet size: 200 × 240 mm Resistant to water, sea water, alcohol, motor oil, benzine, methanol	11 × 28	120
681005	EB 1138	For on-site hand-written labelling. Material: PVC impregnated fabric yellow Good adhesive force temperature range: – 30 °C to + 80 °C Sheet size: 200 × 240 mm Resistant to water, sea water, alcohol, motor oil, benzine, methanol	11 × 38	100
Labels on sheets, endless form				
680428	BS-CS 1	Labelling sheet	20.5 × 9.0	360
680429	BS-CS 2	Labelling sheet	30.3 × 12.8	168
